

Domestic and Family Violence Helpline

Introducing Converge International's Specialist Phone Helplines.

Converge International understands that people face many challenges in their lives and that, sometimes, these require specialised support. We believe the counsellors providing this support should be specialists with specific social or cultural experience, knowledge and understanding.

SPECIALIST PHONE HELPLINES

Your organisation offers access to specialist support in addition to your existing Employee Assistance Program services. Access for 1 session during business hours.

DOMESTIC AND FAMILY VIOLENCE HELPLINE

Discuss issues with a specialist counsellor and access support around domestic and family violence, including access to counselling, referral to specialist services and assistance with planning for safety at work and at home.

HOW DO THESE SERVICES SUPPORT YOU?

When you call one of our four specialist helpline services, you can access additional support through referrals to external services, access to specialised information and resources.

Most importantly, you get to speak with an independent, experienced, trained and supportive counsellor; someone who is there for you during a challenging time.
